HEALTH CARE PHARMACY
Focused on your health since 1899.

PEDIATRIC COMPOUNDING

Your Child is Unique

We custom make medications for children who cannot take traditional medications due to:

- > Strength/medication not commercially available
- > Allergies or drug sensitivities
- > Taste

About Compounding

Compounding is an ancient art of preparing custom made medications for a specific person or condition.

Children benefit from compounding because:

- We can make a strength or medication not commercially available
- We have alternate drug dosage forms
- We have a variety of flavors

We can compound medications to be:

- Casein free
- Dye free
- Gluten free
- Soy free
- Sugar free

We custom make children's medications for:

- > Cold sores/fever blisters
- > Diabetes
- > Diaper rash
- > Head lice
- > Oral thrush
- > Pain relief
- > Respiratory disorders
- > Skin disorders and much more
